Subject: Docket 2017-281-E - Request

Importance: High

This email was dictated by Richard Whitt:

Josh:

1. I write to you in your role as Hearing Officer in this Docket. As you know, I represent the Complainants/Petitioners in this Docket, which is currently pending before this Commission.
2. One of the Complainants/Petitioners' parent company, Adger Solar, LLC, has divested itself of its only two Projects listed as Complainants/Petitioners herein. Namely, "Clarendon Solar Farm LLC" and "Summerton Solar Farm LLC".
3. Accordingly, I am requesting a Directive Order from you, dismissing the two Projects described hereinabove, as Complainant/Petitioners in this Docket.
4. Rebecca Dulin, Esquire on behalf of Duke and Andrew Bateman, Esquire on behalf of ORS, have indicated that they do not oppose my request for dismissal of these two Projects as Complaints/Petitioners, and both are copied hereon.

Respectfully Submitted,
Richard Whitt.
